"What is Success?

To laugh often and love much, to win the respect of intelligent persons and the affection of children; to appreciate beauty; to find the best in others; to give one's self; to leave the world a lot better whether by a healthy child, a garden patch, or a redeemed social condition; to have played and laughed with enthusiasm and sung with exultation; to know even one life has breathed easier because you have lived -- this is to have succeeded."

Human Ecology emphasizes the interrelationships of humans and their natural, social, and technological environments. Core areas of study at the college include environmental science, arts and design, and human studies."

At the bottom of this page, there is a quote by Margaret Mead in calligraphy, reading: "Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever does."
