Csu Pluriversitte: (un)learning through the landscape, June 28, 2020

Identifier: 1749

Type: Document, Recording, Video Recording

Title: Csu Pluriversitte: (un)learning through the landscape, June 28, 2020

Subject: Places, Landscape

Description: In the midst of the current climate (COVID) our orbit has become smaller, but not less valuable. Limitations can bring to the surface observations that would not have been visible before. The familiar paths within the neighborhood hold unnoticed details, questions, and knowledge. Landscapes consist of natural and human shaped relics that mark human values and skills. However, the familiar sometimes feels so known that we stop observing the way new landscapes draw curiosity. Can we unlearn the knowledge that clouds our minds for new thinking? When we aim for a deeper connection with the outer we can also better understand the inner landscape. They are inseparable and by changing one - we shape both.

A Human Ecology Film, November 11, 2020

Identifier: 1756

Type: Document, Recording, Video Recording

Title: A Human Ecology Film, November 11, 2020

Subject: Events

Description: "This piece is a commentary on the many different and shifting facets of our life in 2020. In short, we try to create this commentary by juxtaposing all the things that are happening at this moment in time. To do this weve overlaid videos that weve taken around College of the Atlantic campus and Acadia with found footage, poetry we wrote, and piano improvised for this specific video." -Isaiah Osborn

Discover the Natural World of Maine

Identifier: 2180

Type: Document, Pamphlet

Title: Discover the Natural World of Maine

Subject: Structures, Civic, Exhibition, Museum

Description: The George B. Dorr Museum of Natural History

Art: Blue Mussels, by Sarah Drummond

At the Museum

Wildlife Exhibits

Detailed dioramas created by COA students depict the plant and animal life of coastal Maine.

Hands-on Materials

Children of all ages can touch, smell, listen and create while learning about our environment. Baleen, fur, wings and skulls are available to touch.

Interpretive Programs

Museum staff lead a variety of activities encouraging the entire family to participate in natural history learning.

Summer Events

Evening lectures, book signings and slide presentations on a wide variety of topics.

Summer Field Studies

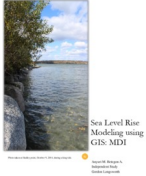

Under the supervision of environmental educators, children investigate the ecology of Mount Desert Island's tidepools, forests, mountaintops and ponds.

Group Tours

Schools and community groups are welcome to arrange a variety of special programs through the museum.

Identifier: 2181

Type: Document, Advertising, Brochure

Title: Natural History Museum Traveling Outreach Programs, 1988-1989

Subject: Structures, Civic, Exhibition, Museum

Description: The Natural History Museum
1988-1989

"The Natural History Museum at College of the Atlantic is open to visitors during the academic year by reservation only. The Museum offers many unique learning opportunities through its exhibits.

Find out how a small oil spot killed the off-shore Razorbill;

Encounter a Black Bear tolerating a swarm of bees to get to the honey;

Discover how Atlantic Puffins set up home on the rocky coast of Maine.

FIELD TRIPS

The Natural History Museum at College of the Atlantic sponsors participatory outreach programs for schools, colleges, museums, and other organizations during the academic year. Our traveling programs include:

Whales-on-Wheels

When you request our Whales-on-Wheels program, you accept the challenge of fitting together a 20-foot-long jigsaw puzzle: the backbone of a Minke Whale. Whales-on-Wheels requires a room at least 30 feet long with movable desks and chairs.

Birds-on-Wings

How do owls fly noiselessly? Why do birds migrate? You will explore these and other questions when you schedule our traveling collection of wings, feathers, skulls, mounts, and study skins. Through participatory activities, participants will study bird behavior, adaptations, and predator-prey relationships.

The Naugahyde Whale

... is a 10-foot-long foam and fabric replica of a Pilot Whale. Unzip its skin to reveal removable muscles, bones, and organs, and then put it back together.
